

Child Advocate – Sponsor Program

Do you love the idea of helping children?

Do you believe all children deserve to be championed?

Do you value making an immediate impact in Haiti and in Canada?

Then we - and this opportunity to advocate for our children in Haiti - is for you!

Key to our sustainability success is our student sponsorship program. Individuals and organizations that contribute a minimum gift amount each year are eligible to be matched with one of our students. These special donors are provided a photo update of their student three times during the school year, Fall, Winter, and Spring. Updated photos and profiles of each student are obtained from our school personnel in Haiti.

Your Tasks

- ♥ Maintain our current list of sponsors and the details of their student match
- ♥ Obtain updated photos and student information from our personnel in Haiti, in preparation for sending sponsor updates
- ♥ Creatively craft and send updates for sponsors for the Fall, Winter, and Spring updates using MailChimp

You Are

- ♥ Comfortable using web-based platforms; familiar with MailChimp or similar cloud-based marketing software
- ♥ Able to work with visual software mediums like Adobe Photoshop, Ribbet, and/or Canva
- ♥ Solid written communication skills; able to communicate effectively and write compelling as the updates are a means for our donors to connect with our work in Haiti
- ♥ Willing to work in a remote team setting and meet deadlines

Commitment & Hours

With your desire and the right person, this is an on-going opportunity. Each update cycle requires 2-4 hours time commitment.
