Sabotages

Your family and friends can sabotage you with their donation!

Sabotages are things like creating your recipe wearing ski gloves and a toque; or wearing a scarf and parka. These are available for purchase through **HIMH's** Haitian Marketplace. When you register, we will provide you with your Sabotage webpage link to share with your supporters.

Why promote sabotages as part of your Challenge? They'll help you reach your fundraising goal faster! When you make your recipe, you'll put your sabotage into action. As you'll be taking photos and/or videos to share with **HIMH** and your supporters, they'll love to see you making your recipe in your sabotages!

All sabotages are eligible for a Canadian charitable tax receipt.
